COMPANY PROFILE

www.royalmajan.com

Introduction

Royal Majan Projects LLC, established in 2007 in the Sultanate of Oman, is a trusted name in the electrical Distribution contracting industry. With a proven track record of delivering high-quality electrical Distribution Systems and associated civil works, we have successfully partnered with both government entities such as NEDC and a wide range of private sector clients.

At Royal Majan, we are driven by a clear vision-to be the best in our field. Our commitment to excellence is rooted in prioritizing quality, safety, and reliability across every project we undertake. By combining technical expertise with a client-focused approach, we continue to build lasting relationships and deliver solutions that meet and exceed expectations.

The investor and CEO Mr. Nirmal Ram Raghavan heads the day-to-day operations of the company. Our experienced team of engineers and professionals prioritize teamwork and the pursuit of excellence. The management team comprises experienced veterans, diligent managers, and accomplished individuals with extensive networks.

About us

Backed by top-tier certifications from the Ministry of Commerce and Industry, DCRP, and Tender Board, Royal Majan Projects LLC has established itself as a trusted name in Oman's electrical contracting sector.

Our expertise spans underground cable installation, overhead line works, substation construction, switchgear and panel installation, and electro-mechanical contracts. Renowned for our commitment to excellence and adherence to stringent industry standards, we consistently deliver dependable and high-quality project execution across Oman.

QUALITY POLICY

"Quality is our priority. We are committed to consistently delivering exceptional services that meet and exceed client expectations. Through continuous improvement, strict adherence to best practices, and rigorous quality standards, we ensure excellence in every project we undertake."

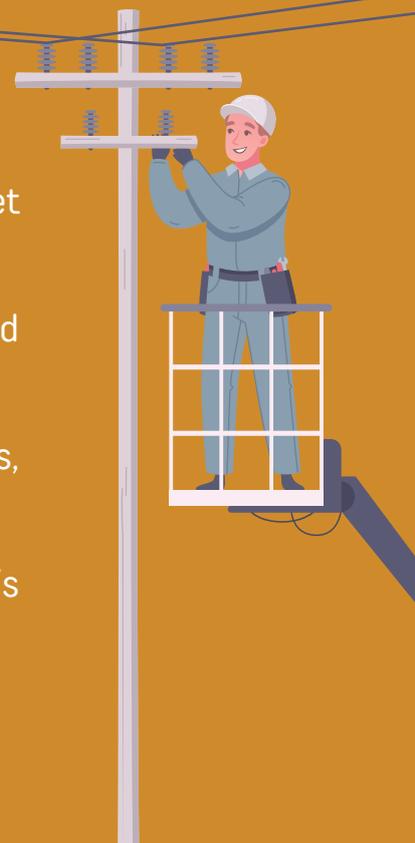

Our Vision

To deliver high-quality services and tailored solutions that meet the diverse needs of our clients.

To leverage the expertise of our dedicated professionals and their extensive experience in electrical installation services.

To adopt modern technologies and industry best practices, driving demand and enhancing client satisfaction.

To pursue sustainable growth opportunities in line with Oman's rapid economic expansion.

HSE Policy

Royal Majan Projects LLC (RMP) recognizes and accepts its responsibility as an employer to protect the health and safety of its employees, contractors, visitors, and members of the public who may be affected by its operations and assets. In addition, RMP is committed to safeguarding the environment from any adverse effects arising from its activities.

To achieve this, RMP will implement a systematic HSE management approach that forms an integral part of all daily duties and operations. The company will comply with all relevant Omani statutes, regulations, and codes of practice, and will take appropriate measures within its authority to ensure safe and sustainable operations.

- ⚡ Management of distribution networks and projects in a manner that is safe and free from health risks.
- ⚡ Availability of adequate welfare facilities for all employees.
- ⚡ Establishment of safe workplaces with minimal risks to health.
- ⚡ Protection of company assets and networks against risks that may endanger public safety.
- ⚡ Effective control of risks related to the use, handling, storage, and transportation of materials and substances.
- ⚡ Minimization of adverse environmental impacts from operations, through the implementation of an Integrated Environmental Management System (IEMS).
- ⚡ Provision of sufficient information, instruction, training, and supervision to ensure employee safety at work.
- ⚡ Requiring all contractors to comply with this HSE Policy, management systems, legal requirements, and relevant procedures.
- ⚡ Maintenance of safe workplaces, including safe access and exit routes.

To achieve these objectives, RMP will allocate adequate resources, promote a culture of safety, and continually improve its practices. We are committed to preventing incidents that may cause injury, ill health, environmental harm, or property damage.
